create

Let your imagination take flight with a vision that's truly unique.  
Design a masterpiece, then watch it come to life. Craft a focal point on the ceiling of your interior space with sound absorbing Ultima panels.  
Artistry will soar with the sky as your limit.

# block

Envision clusters of color sprinkled on a sea of white.

Ultima Create! allows your ceiling design to travel in concert with other elements of your interior space – en masse or one ceiling panel at a time.

You'll never have to sacrifice acoustics for aesthetics again.

# merge

Bring the outside in as the morning sky intensifies, morphing from cloudy to clear.

Use your ceiling as an extension of the outdoors with Ultima Create!

It's visually absorbing, and, like all products in the Ultima family,  
sound absorbing too.

# direct

Personalize your next interior space with a ceiling that uses images.

Re-imagine your personal photo library on a larger scale. Whether portraying a calm, serene space for healing environments or fashioning an energetic, vivacious image in a retail experience, Ultima Create! ensures that your project is truly one of a kind.
